Library To Go Ahead With Building Plans

The Levittown Library will put up its new building on the assumption that municipalities will provide operating support. That assurance was given today by Charles Fink, Library President.

The Library has collected almost \$20,000 to construct the building at the corner of Levittown and Mill Creek Parkways, open," Fink said, adding: "The nine members of the Board of Directors, all volunteers, are determined to keep the Library in operation even if they have to conduct a door-to-door canvass themselves."

"This should not be necessary, however, Levittown residents are paying taxes for community needs and there is no greater need than a library after schools are built," Fink said.

Good Evening!

Only seven more shopping days?

It's a fact and already we're fearing we'll never make it. How come Christmas comes so swiftly these days? We remember when the day before, even, seemed like a year.

Judging from the shopping crowds the latter part of last week, the season should be a dandy.

Yule music most beautiful and inspiring of all. But why do we have to be saturated with it? TV, radio, Hi-Fi, and phonograph all hurl it at you 24 hours a day and it's a wee bit too much.

President Eisenhower in Paris says today America still has the military edge on Russia but we'll have to work hard to retain it.

Maybe he's right, but we're skeptical. What we've got is the edge when it comes to military hardware obsolescence. As a matter of cruel, cold fact that's pretty much what this country's been paying for ten long years.

Senator Mike Mansfield makes the sensible suggestion. Let's have a real shakeup in the Pentagon to do away with service "politics", to eliminate this disgraceful inter-service rivalry, and to bring some real efficiency in our missile program.

This is for sure: We'd better start recognizing very rapidly the gravest peril with which this nation has ever been confronted, and doing something about it. Otherwise, there'll come a day when the Kremlin could be calling all of the shots.

Fair and milder weather it is. And not a bad breather after those two wintry storms that had everybody on the skids.

Prosperity is that short period between the final payment on the present car and the purchase of a new one.

It's true: If you like to worry these days, you've got a nice selection of stuff to worry about.

Watch your driving.

WEST STILL HOLDS UPPER HAND: IKE

Opens NATO Meeting

PARIS (UP) — President Eisenhower told the opening session of the first NATO summit conference today the West still holds "the margin of power."

But he said the Western nations "must work to maintain this lead over the Communist bloc" because the triumph of freedom over despotism is not inevitable.

"It takes a lot of hard work and sacrifice by a lot of people to bring about the inevitable," he declared.

The President said in his keynote speech the Atlantic alliance nations are willing to join the Soviet Union in bringing "under rational control in the common interest" what he termed "vast physical forces which cast a pall over the world."

Calls For Strength

"Until that can be done," Eisenhower said, "we must continue to create and sustain within the free world the necessary strength to make certain of the common security. All of us must have the assurance that the strength will be used to sustain peace and freedom."

"We are in a fast-running current of the great stream of history," he said. "Heroic efforts will long be needed to steer the world toward true peace."

"The forces arrayed against us are formidable but not irresistible."

Eisenhower's address set the tone for the meeting of the chiefs of state of the NATO alliance who have gathered here to seek an answer to recent Soviet scientific and diplomatic successes.

Meets With Macmillan

He met first with British Prime Minister Harold Macmillan to align Anglo-American policies and then used the full weight of his immense personal prestige in a speech aimed at infusing the ailing alliance with new strength and unity.

Authoritative sources indicated Eisenhower's opening statement would lead the three-day, 15-nation meeting into an agreement on the future setting up of U.S. missile bases in Western Europe — the key issue facing the conference.

Eisenhower spoke in the modernistic, box-like Chaillot Palace NATO headquarters just across the Seine from the Eiffel Tower. He spoke as the only one of the (Continued on Page 3, Col. 2)

Bristol Policeman To Appeal Action

Patrolman Peter Caro has appealed to the Bristol Borough Civil Service commission his five-day suspension from the borough police force, he said today.

Meanwhile, no immediate action has been scheduled to correct the invalid appointment of Detective Vincent Faragalli as acting chief to succeed Linford J. Jones January 1. Faragalli, who is now assistant chief, said he has not received notice of a date for the non-competitive civil service test he must take, Nor has a date been announced for the special meeting of Borough Council, to appoint Faragalli after he is certified by the civil service board.

Caro said he has engaged Attorney James Fitzcharles, 3d, to represent him in the appeal, and has requested legal aid from the Fraternal Order of Police.

The appointment of Faragalli as chief, made last Monday night by Council, was later declared invalid by Solicitor John P. Fulam because the detective had not first been certified by the civil service board. (Continued on Page 3, Col. 2)

Large Crowds Jam Shopping Centers

Shoppers jammed Lower Bucks County stores Saturday in record numbers as the pre-Christmas buying season headed into its final week.

Thousands of shoppers jammed the Levittown Slop-A-Rama, Mill Street business district, Country Club Shopping Center and the Fairless Hills Shopping Center throughout the day Saturday.

Area shoppers, prevented from doing some of their Christmas shopping last week by the snow, will have late store hours again this week, business officials announced today.

Ralph Bond, president of the Levittown Businessmen's Association, said the turnouts Saturday night as stores stayed open to 9 p.m. were "most gratifying."

Bond had no estimate of the crowd but said "it is apparent the customers appreciated the convenience of the late shopping hours."

He said stores in the center will be open 9 a.m. to 9 p.m. every night including Saturday this week and 9 a.m. to 9 p.m. next Monday. Stores in the center will close at 5:30 p.m. Christmas Eve, next Tuesday.

Leon Kanter, president of the Mill Street Business Men's Association, said about 5000 persons shopped Saturday night on Mill Street.

85 Employees Honored By Bristol Plant

Eighty-five employees, representing over 1,400 combined years of work, were honored Saturday night at the first annual service award banquet of the National Container Corporation's Bristol plant.

"Down Memory Lane" was the theme of the affair attended by the honored guests, their wives and officials at the Robert W. Bracken American Legion Post 382 home in Bristol.

Ten employees were accorded signal honor in the senior service group for 25 years' association with National Container, a subsidiary of Owens-Illinois. In addition to gold enamel emblems, they were presented gold watches by Paul R. Gilmore, general manager of the corrugated box manufacturing plant.

U.S. Ready To Fire 'Big A' Missile Without Fanfare

CAPE CANAVERAL, Fla. (UP) — The United States prepared its "big A" for another firing attempt today—without fanfare.

The Atlas intercontinental ballistic missile, its nose pointed toward the sky, was undergoing its final pre-flight "count down" at the missile launching site this morning.

The launching would come at a time when the nation needed a boost to its missile morale at the NATO summit conference opening in Paris 4,000 miles away.

The Defense Department said the count down had reached the halfway point this morning, indicating that a firing could be expected during the afternoon if all went well.

(In Washington, a Defense Department official said the count-down this morning had reached the halfway point 200 on a checklist of 400. He could not say how much time the remaining checks might take if all went well. He said his reference to 200 did not imply that the Atlas was within 200 minutes of launching.)

Observers on the beach here would never guess that a firing of the "big A" was near. A lid of military security was clamped on anything connected with the Atlas at this vantage point.

At 10:30 a.m. reports persisted that an Atlas would be test-fired today but there was no sign of activity around the launching pads. The red ball — traditional warning of a firing — was not visible. (Continued on Page 3, Col. 5)

Two Lower Bucks Men Named Deputy Fire Marshals

Two Lower Bucks firemen were among four new deputy fire marshals appointed by Leonard D. Roberts, county fire marshal.

They were Elwood Tomlinson of Trevose and Frank C. Miller, Morrisville. The other deputy marshals who with Tomlinson and Miller will investigate fires for possibility of arson and other irregularities, are Willard D. Underkoffler, Quakertown; and John G. Fetterolf, Solebury.

The appointments were announced at the winter convention of the Bucks County Firemen's Association in Parkland Saturday night. More than 100 firemen, representing 25 companies, were present.

Frank Cowell, Morrisville, association president, named Roberts.

Winter's A Week Off! You'd Never Know It

Winter comes Saturday but the weatherman must have his signals crossed today.

Today's temperatures are expected to top 50 degrees after last week's near zero reading froze the area.

Light rain will fall tonight with clear skies and mild temperatures forecast for tomorrow.

Yesterday's high was 45 degrees at 3 p.m. with this morning's low recorded as 33 at 1 a.m.

L. Bucks Man Gets Draft Call After 17 Years In Air Force

WEISBADEN, Germany (UP) — Someone on Sacramento's draft board has goofed, U.S. Air Force in Europe officials said here today.

The Selective Service Board 22 at Sacramento, Calif., has sent M. Sgt. John J. Sak, serving with the Air Force in Fontainebleau, France, a draft notice ordering him to report for induction.

Officials said Sergeant Sak has more than 17 years of military service to his credit, two previous tours of duty in Alaska, and four battle citations for World War II service in Europe.

The sergeant understandably hopes the board will change its mind.

"But still I'm a little confused," he admits. "My home is Bristol, Pa., and not in Sacramento."

Mrs. Emily Pinelli, 338 McKinley St., Bristol, sister of Sgt. Sak, when contacted in Bristol today about the above United Press story said, the sergeant once lived in Sacramento while stationed in California and rents out a home he owns there.

Sgt. Sak will be home on leave in Bristol Jan. 6, after three years in Europe. He will bring his wife, the former Imogene Montgomery, of Burling-

4 Burglaries Reported By Bristol Twp. Police

Active Group Is Rapped By Treasurer

The formation of the Bristol Township Democrats was called an attempt by a "small clique of self interested politicians" to establish machine politics in the municipality.

The charge was made by Robert G. Campbell, treasurer and member of the executive board of the Bristol Township Democratic Organization.

The active group was formed in opposition to the Organization headed by JP Earl B. Dougherty.

Blast Two

Campbell singled out William D. Muller and Joseph Kehoe in his blast. Both are members of the Active group. He pointed out that Muller was reelected assistant township assessor and Kehoe elected auditor in the last election.

"These two men sought and received our support and after being elected turned their backs on the people who worked for them," Campbell said.

Kehoe recently resigned as first vice president of the Organization. He attended the first meeting of the Active Democrats.

Separate Trials Asked

Separate trials on each of some half dozen charges of misuse of public money were asked today by Alexander R. Miller, former chairman of the Delaware River Joint Toll Bridge Commission.

Charges against Miller, of Easton, include acceptance of illegal salary payment, excessive expenditures, profiting from the payment of private indebtedness from public funds and setting up a legislative lobby in Harrisburg.

Miller was ousted following an investigation of the commission.

Carver is charged with acceptance of illegal salary and with paying dancer Nony Brandt, Paoli, for secretarial services the state says never were performed. He has asked for a change of venue because of "inflammatory newspaper publicity."

Brown is charged with profiting from the sale of an expensive set of China, allegedly used at lavish parties held in the Morrisville offices of the commission.

Miller's petition to the Bucks County Court claimed joint trial with the other former commissioners would prejudice his own case.

Trial of Carver and Brown is scheduled for Jan. 27, according to the petition.

No date has been set on the petition hearing.

Going In Circles

By MAURY ALLEN

Most Levittowners must be preparing to spend New Year's Eve out this year.

Mrs. Vanetta Parks, coordinator of the Levittown Baby Sitters Association, said the request for that special night has been overwhelming.

She said more sitters are needed so if you want to earn a couple of bucks and let some family "get out" for New Years, Mrs. Parks can be contacted at WI 5-3171. Teenage and adult sitters are needed.

Mrs. Robert Way, 24 Kenwood Lane, Levittown, reports this tale of canine faith.

Her husband, a dog fancier, came across a dog in a veterinary office that seemed on its last legs. The dog was suffering from ear aches, bad eyes, and other animal ailments. Mr. Way thought the dog, if nursed back to health, would make a potential champion animal.

The dog's brother, "Baron Baribar of Windsor" was a champion dog and the Way's dog, "Higgins" proved the line runs in the family this week when he came out of a sick bed to finish in second place at a dog show in Philadelphia's Convention Hall Saturday.

The Tom Thumb School in Levittown has a novel switch on Christmas Tree decorations.

Children in that school, instead of decorating a tree for them-

Caro said he lost \$78 in pay during his suspended period, December 1 to 5. He said he was attacked by the detective and resisted in self defense.

Faragalli this morning had no comment to make on the matter. Nor had Niccol, except to point out that last Monday at the council meeting he had pointed out that Caro has the privilege of appealing to the Civil Service board.

Board of National Container, was the guest speaker. He told the employees they have four essential responsibilities in their daily work. He enumerated them as follows:

1—Responsibility to the people who make up our plant.

2—Responsibility to our customers in maintaining top quality and the best service at all times.

3—Responsibility to the company stockholders.

4—Responsibility to the public and the communities in which we live.

Loyal Service Praised

Lester R. Edwards of Bradford, Pa., president of National Container Corp., praised the Bristol plant employees for their years of loyal service. He also lauded their "wonderful bloodmobile work" in which 130 employees donated their blood.

Special guests at the banquet included wives of service awardees, general manager's staff and wives, plant shop stewards and wives, the Rev. Edward G. Yeomans, pastor of Bristol Presbyterian Church, and Scoop Lewis, news editor of the Courier-Times.

Glenn L. Weber served as toastmaster while Edward Schwartz read off the names of the 85 service awardees.

In addition to the ten senior service awardees, 14 were honored with silver-gray enamel emblems for 20 years' service, 15 received maroon enamel emblems for 15 years, and 46 were presented dark blue enamel emblems for ten years.

2 Service Stations, 2 Firms Looted

Four business establishments in Bristol Township were burglarized, over the weekend, police reported this morning.

Two Sunoco service stations one on Route 413 near Delhaas High School, and the other on Route 13 near Green Lane, were victimized.

Thieves took \$260, proceeds from Christmas tree sales as well as the service station money from the station on 413 operated by Jack Pleier, of 8632 Park Place, Philadelphia.

See Window Smashed

The burglary was discovered at 1:55 yesterday morning by Patrolman Wallace B. Michener and Robert Clark while on patrol. They spied a rear window smashed.

The same method was used to break into Chase's service station on Route 13. The thieves got \$40 in cash from a desk drawer. Other articles were strewn over the floor in the show room. The burglary occurred between 10 p.m. Saturday and 9:30 a.m. yesterday.

About the same time burglars broke into the building, at 7015 Bristol Pike, near Edgely Ave., which houses the used car headquarters of the Bristol Ford, Inc., and the Bucks County Auto Sales Company.

The thieves broke in by smashing a rear window in the auto firm, then forcing a plywood partition into the seat company. They took \$18 from the seat cover firm as well as undetermined amounts of money from a soda and cigarette machines. A 55-gallon anti-freeze tank was drained and a car muffler valued at \$6 were also taken.

**2 Youths Held
In Break-In**

Middletown Township police arrested two youths who admitted breaking into Dick's Jubilee Bar, Route 1, near the Langhorne Speedway early this morning.

One of the youths was Charles Bingham, 18, of Dorrance St., Bristol. The name of the other boy, who also lives in Bristol, was withheld since he is 17 years old.

The boys were apprehended as they fled from the bar at 2:30 this morning. Patrolmen Karl Kritzberger and Frank McKenna made the arrest with the assistance of Bristol Township police.

Kritzberger and McKenna had been dispatched to the scene when someone reported a suspicious car was parked at the bar.

As the officers drove up the youths ran out the back door.

**Hospital Approved
For Intern Training**

Delaware Valley Osteopathic Hospital, Bristol, has been approved by the American Osteopathic Hospital Association for intern training, Dr. George Levenson, president, announced today.

The hospital will begin an intern training program July 1, 1958. Interns will train for one year at the hospital. The hospital president said he is now receiving applications from senior students in osteopathic medical colleges.

The approval followed an inspection last summer, when an official of the Association checked the charts and facilities, and a proposed training program was presented.

The hospital for two years has had the approval of the Commonwealth of Pennsylvania for intern training, Dr. Levenson said.

**Reckless Driving
Charge Is Lodged**

An area motorist was charged with reckless driving yesterday after hitting a telephone pole, a Pennsylvania State sign, shearing 12 Christmas trees and hitting a mail box on Trenton Road.

Officers Robert Gallagher and Frank Gibson, Falls Township, charged Robert Budrow, 19, of Terry's Trailer Court, Bristol Road, with the offense at 2 a.m. yesterday.

Police said Budrow escaped injury but a passenger, George Bye, Newtown, suffered a cut in the accident.

SPECIAL MEETING

A special meeting of the Tullytown school board has been scheduled tomorrow at 8 p.m. at the Walt Disney elementary school, President Raymond Jenkins announced.

Party Held For Children

Several hundred happy children were the guests of Local 130, AFL-CIO United Auto Workers Saturday at a Christmas party in the Towne Theatre, Levittown.

The party was so popular that two performances were given of an animated cartoon show on the motion picture screen.

Children of members of the union at Kaiser Metal Products, Inc., Bristol, the young guests were greeted by John D. Dougherty, president of the Local. Joseph Cialella, chairman of the committee that gave the party, read a letter from Santa Claus, who soon arrived in a visit expedited by Anthony R. Niccol, Bristol burgess and former vice president of the local.

Vice president James Lake joined the other union officers and committee in presenting the party. The children received gifts.

Library

(Continued From Page One)

Townships have been asked to include the Library in their 1958-59 budgets. That aid should be forthcoming, we earnestly hope.

"Bristol Township has already led the way with a \$2,500 appropriation this year and Tullytown has indicated it will follow suit."

The Library Board has been working feverishly for the past month trying to find ways to fit the available funds into estimates for a basic building which can hold 20,000 volumes and provide necessary services for the entire Lower Bucks area.

**Cold War
Talks Urged**

PARIS (UP)—West German Chancellor Konrad Adenauer called on President Eisenhower and the other Western summit leaders today to open cold war peace talks with the Soviet Union.

He proposed that these contacts should first be through diplomatic channels to find out precisely what Soviet Premier Nikolai Bulganin meant in his recent subtext of threats-plus-appeasement notes to the West.

The West German leader, who will be 82 next month, was the first speaker when the historic NATO summit conference began its first working session.

**Ike Shows Difficulty
In Pronouncing Words**

PARIS (UP)—President Eisenhower showed some difficulty in pronouncing certain words today in his 18-minute speech at the opening session of the NATO Council. The difficulty was not serious but there were at least 10 noticeable mispronunciations.

The President did not seem at all disturbed by the situation.

On Nov. 25 Eisenhower suffered a cerebral occlusion in Washington due to either a clot or a spasm in one of the smaller blood vessels of the brain.

**Area Civic Club
Looted By Burglars**

Bensalem Township police today widened their search for the burglars who stole over \$300 in cash and liquor valued at \$146 from the Polish Civic Club in Edgerton aid looted two other township homes.

Chief William Riempff, Bensalem Police, said the thefts late Saturday night or early yesterday were probably committed by the same burglars.

A rear door of the civic club was jimmied open according to Joseph Rosowski, steward of the club, when he opened at 7 a.m. yesterday.

Twp. School Board To Hold Panel Talk For Children

George G. Gray, editor of the Courier-Times, will moderate a panel discussion entitled "Your School Board Is You!" Thursday evening, at Delhaas High School, with all members of the Bristol Township Board of School Directors serving as panelists.

Sponsored by the Delhaas High School Parent-Teacher Association, the panel will discuss the problems of the local school board in the past and present, and those problems which the area must face in the future.

History Of Board

A short history of the board will be given and the panelists also will explain how a board is established by law, its legal powers, limitations and the board's contact with the community.

The program was arranged to create greater interest in, and better understanding of the work of the school board and the citizen's responsibility in helping it to function effectively.

Panel Members

Participating will be Mrs. Martha Kushlan, president of the board, Louis Souder, Calvin Morrison, Niels Haugard, R. Philimon Stout, Benjamin Stockett and John Densham.

Members of the audience may submit questions to the board. Prior to the presentation of the panel discussion, a brief business meeting of the PTA will convene at 8 p.m. to be presided over by the organization's president, Mrs. Clinton H. Patten, Levittown.

Refreshments will be served following the program. All area residents are invited to attend the meeting and join in the social hour.

Firemen

ley lumber yard was destroyed recently in a \$130,000 fire, urged fire chiefs to plan ahead for possible disastrous fires in their own areas. Leedom, who is charter treasurer of the association, said "only the prearranged plan of our fire company and others prevented greater damage in Yardley. Many of our citizens who didn't think we needed an aerial ladder changed their minds after the fire and sent in money to help pay for it."

The association agreed that presence of water in the Delaware Canal at Yardley prevented destruction of "at least an entire business block" in the community.

A motion was carried to notify the Department of Forests and Waters in Harrisburg to that effect.

A move was defeated last year to drain the canal from Easton to Bristol.

Three months' fire losses throughout the county totalled \$301,205 including the Yardley lumber yard fire.

Roberts reported 113 grass and woods fire between September and Saturday night. He said a ten-year-old boy admitted setting fire to the Lasalar barn in Bristol Township. Ten false alarms were reported.

The next meeting of the association will be held at Bristol Fire House on March 8.

15-Year-Old Girl Hurt In Accident

Linda Miles, 15, of 706 Spruce St., Bristol was admitted to Lower Bucks County Hospital last night with a broken right leg and broken left ankle. She was injured in an automobile accident along with two other girls.

The hospital reported Alice Atkinson, 17, of Midway trailer park, Morrisville, and Jackie Wells, 15, of 211 Washington St., Bristol, were released after treatment.

Assault And Battery Charges Are Dropped

Assault and battery charges against a Croydon iron worker were dropped in Bucks County Court today when a 20-year-old waitress declined to testify.

Mrs. Helen Barlow, Lakeside Ave., Croydon, had accused Raymond Mason, 629 Wyoming Ave., with attempting to assault her last May 6. Additional charges of assault and battery with attempt to ravish also were dropped for lack of evidence.

4 Burglaries Reported By Bristol Twp. Police

Active Group Is Rapped By Treasurer

The formation of the Bristol Township Democrats was called an attempt by a "small clique of self interested politicians" to establish machine politics in the municipality.

The charge was made by Robert G. Campbell, treasurer and member of the executive board of the Bristol Township Democratic Organization.

The active group was formed in opposition to the Organization headed by JP Earl B. Dougherty.

Blast Two

Campbell singled out William D. Muller and Joseph Kehoe in his blast. Both are members of the Active group. He pointed out that Muller was reelected assistant township assessor and Kehoe elected auditor in the last election.

"These two men sought and received our support and after being elected turned their backs on the people who worked for them," Campbell said.

Kehoe recently resigned as first vice president of the Organization. He attended the first meeting of the Active Democrats.

Separate Trials Asked

Separate trials on each of some half dozen charges of misuse of public money were asked today by Alexander R. Miller, former chairman of the Delaware River Joint Toll Bridge Commission.

Charges against Miller, of Easton, include acceptance of illegal salary payment, excessive expenditures, profiting from the payment of private indebtedness from public funds and setting up a legislative lobby in Harrisburg.

Miller was ousted following an investigation of the commission.

Carver is charged with acceptance of illegal salary and with paying Daniel Nony Brandt, Paoli, for secretarial services the state says never were performed. He has asked for a change of venue because of "inflammatory newspaper publicity."

Brown is charged with profiting from the sale of an expensive set of China, allegedly used at lavish parties held in the Morrisville offices of the commission.

Miller's petition to the Bucks County Court claimed joint trial with the other former commissioners would prejudice his own case.

Trial of Carver and Brown is scheduled for Jan. 27, according to the petition.

No date has been set on the petition hearing.

Going in Circles

By MAURY ALLEN

Most Levittowners must be preparing to spend New Year's Eve out this year.

Mrs. Vanetta Parks, coordinator of the Levittown Baby Sitters Association, said the request for that special night has been overwhelming.

She said more sitters are needed so if you want to earn a couple of bucks and let some family "get out" for New Years, Mrs. Parks can be contacted at WI 5-3171. Teenage and adult sitters are needed.

Mrs. Robert Way, 24 Kenwood Lane, Levittown, reports this tale of canine faith.

Her husband, a dog fancier, came across a dog in a veterinary office that seemed on its last legs. The dog was suffering from ear aches, bad eyes, and other animal ailments. Mr. Way thought the dog, if nursed back to health, would make a potential champion animal.

The dog's brother, "Baron Baribar of Windsor" was a champion dog and the Way's dog, "Higgins" proved the line runs in the family this week when he came out of a sick bed to finish in second place at a dog show in Philadelphia's Convention Hall Saturday.

The Tom Thumb School in Levittown has a novel switch on Christmas Tree decorations.

Children in that school, instead of decorating a tree for them-

selves, decorated one for the birds. The youngsters put food and bird houses in a tree in front of the school. The birds in that area will have food and warmth through the winter and certainly will repay the youngsters with song next spring.

Falls Township Democrats Milton Berkes and David Struble, taking advantage of the charge by County Commissioner John T. Welsh that they are "big mouths" for fighting the U.S. Steel assessment, made it official today.

Berkes and Struble are co-chairmen of the newly formed "Bucks County Big Mouths."

All members of the organization, according to the membership card received today, can "criticize the action of any county commissioner, township commissioner, supervisor, councilman, JP, tax collector, assessor, or auditor. (School directors are exempt from criticism. They do not get paid.)"

Bail Is Set In Auto Death

A Levittown man was released in \$1,000 bail on a charge of involuntary manslaughter by automobile Saturday in Philadelphia after an accident which resulted in the death of an eight-year-old Philadelphia boy.

Joseph Alexander, 30, of 58 Emerald Lane, Elderberry, was released on the charges for a hearing at a later date.

The victim, John M. Meyers, of 6645 Torresdale Ave., was dead on arrival at Frankford Hospital.

He suffered head injuries and multiple internal injuries.

Police said the driver's car collided with the boy at Unruh St. and Torresdale Ave.

Accident investigation division said the boy was struck as he ran across Unruh St. at the same time the driver was turning into that street from Torresdale Ave.

The boy was a third grade pupil at St. Leo's Parochial School, Philadelphia.

Hospital Approved For Intern Training

Delaware Valley Osteopathic Hospital, Bristol, has been approved by the American Osteopathic Hospital Association for intern training, Dr. George Levenson, president, announced today.

The hospital will begin an intern training program July 1, 1958. Interns will train for one year at the hospital. The hospital president said he is now receiving applications from senior students in osteopathic medical colleges.

The approval followed an inspection last summer, when an official of the Association checked the charts and facilities, and a proposed training program was presented.

The hospital for two years has had the approval of the Commonwealth of Pennsylvania for intern training, Dr. Levenson said.

Missile

(Continued From Page One) signal that a missile is to be fired — was not up this morning.

Both of the fat, 90-foot long rockets—resembling huge cigars—were static fired last week. Scientists tied down the missiles and ran up their rocket engines in the tests.

It was reported in San Diego one would be launched today and the other Wednesday. San Diego is the home of the Convair plant, prime contractor for the Atlas. It also was reported that the Air Force has ordered a speed-up in the Atlas testing program.

When it comes, it will be the third test of the Atlas. The missile is designed to fly 5,000 miles at supersonic speed. But in the two previous tests last summer, it has flown only a few thousand feet. Ground safety officers destroyed both missiles in flight because of malfunction.

Area Civic Club Looted By Burglars

Bensalem Township police today widened their search for the burglars who stole over \$300 in cash and liquor valued at \$146 from the Polish Civic Club in Edgerton and looted two other township homes.

Chief William Riempp, Bensalem Police, said the thefts late Saturday night or early yesterday were probably committed by the same burglars.

A rear door of the civic club was jimmied open according to Joseph Rosowski, steward of the club, when he opened at 7 a.m. yesterday.

Refreshments will be served following the program. All area residents are invited to attend the meeting and join in the social hour.

Library

(Continued From Page One)

Townships have been asked to include the Library in their 1958-59 budgets. That aid should be forthcoming, we earnestly hope.

"Bristol Township has already led the way with a \$2,500 appropriation this year and Tullytown has indicated it will follow suit."

The Library Board has been working feverishly for the past month trying to find ways to fit the available funds into estimates for a basic building which can hold 20,000 volumes and provide necessary services for the entire Lower Bucks area.

Short \$5,000

Although many public-spirited contractors and architects have offered their services for nothing or at cost, Fink said the building fund is still short some \$5,000.

"The new building has been three years in the planning stage," Fink said. "Many contributors are understandably impatient. Under the circumstances, as representatives of the public, it is our duty to go ahead with building and continue our drive for funds from every conceivable source," Fink concluded.

15-Year-Old Girl Hurt In Accident

Linda Miles, 15, of 706 Spruce St., Bristol was admitted to Lower Bucks county Hospital last night with a broken right leg and broken left ankle. She was injured in an automobile accident along with two other girls.

The hospital reported Alice Atkinson, 17, of Midway trailer park, Morrisville, and Jackie Wells, 15, of 211 Washington St., Bristol, were released after treatment.

Assault And Battery Charges Are Dropped

Assault and battery charges against a Croydon iron worker were dropped in Bucks County Court today when a 20-year-old waitress declined to testify.

Mrs. Helen Barlow, Lakeside Ave., Croydon, had accused Raymond Mason, 629 Wyoming Ave., with attempting to assault her last May 6. Additional charges of assault and battery with attempt to ravish also were dropped for lack of evidence.

Party Held By Local 130

Several hundred happy children were the guests of Local 130, AFL-CIO United Auto Workers Saturday at a Christmas party in the Towne Theatre, Levittown.

The party was so popular that two performances were given of an animated cartoon show on the motion picture screen.

Children of members of the union at Kaiser Metal Products, Inc., Bristol, the young guests were greeted by John D. Dougherty, president of the Local. Joseph Cialella, chairman of the committee that gave the party, read a letter from Santa Claus, who soon arrived in a visit expedited by Anthony R. Niccol, Bristol burgess and former vice president of the local.

Vice president James Lake joined the other union officers and committee in presenting the party. The children received gifts.

Firemen (Continued From Page One) ley lumber yard was destroyed recently in a \$130,000 fire, urged fire chiefs to plan ahead for possible disastrous fires in their own areas. Leedom, who is charter treasurer of the association, said "only the prearranged plan of our fire company and others prevented greater damage in Yardley. Many of our citizens who didn't think we needed an aerial ladder changed their minds after the fire and sent in money to help pay for it."

The association agreed that presence of water in the Delaware Canal at Yardley prevented destruction of "at least an entire business block" in the community.

A motion was carried to notify the Department of Forests and Waters in Harrisburg to that effect.

A move was defeated last year to drain the canal from Easton to Bristol.

Three months' fire losses throughout the county totalled \$301,205 including the Yardley lumber yard fire.

Roberts reported 113 grass and woods fire between September and Saturday night. He said a ten-year-old boy admitted setting fire to the Lasalar barn in Bristol Township. Ten false alarms were reported.

The next meeting of the association will be held at Bristol Fire House on March 8.

Charles H. Boehm School Has Over 45 Clubs Organized

More than 45 clubs have been organized at Charles H. Boehm High School, Yardley, Joseph W. Rohrbaugh, principal, announced today.

He said the purpose of this broad activity program "to give students a chance to explore interests they have and to give them an opportunity for leadership."

Among the clubs are groups in science, mathematics, modern dancing, wrestling, teaching, hunting, fishing, chorus, band, travel, sewing, photography, classical music, acrobatics, tumbling, dramatics, art, Junior Red Cross, cooking, chess, jour-

nalism, foreign language and typing.

The Junior Red Cross Club is comprised of 37 girls, with plans to study home nursing and careers in nursing. A Debutante Club is made up of 31 girls to study good grooming, etiquette, home decorations, table arrangements, and fashions. A Gourmet Club with 20 boys aims to instruct members in simple cooking, table settings and party preparations.

The Tri Hi Y and Hi Y Clubs consist of some 60 girls and 30 boys and are carried on under the direction of the "Y" organization to develop sound ethical

standards and to serve home, school and community.

Eight boys are members of the Press Club, designed to provide pictures of school events, personnel and school life for local newspapers.
